ONGOING SAFETY PLAN

A situation, attitudes, and/or behavior is such that one or both parents or caregivers lack parenting knowledge, skills, and motivation necessary to assure a child's safety.

Description of Safety Threat(s):
It was reported to Law Enforcement by neighbors that dad was assaulting his daughter. At court dad was charged with Assault and a No Contact Order between Mr. Davis and his daughter, Al Mira.
Mother's refusal to engage with ODHS has created a barrier to the agency's ability to assess safety.
Mother will not allow ODHS or Safety Providers into her home to monitor the safety plan.

IN-HOME SAFETY PLAN CRITERIA:

DHS
Oregon Department
of Human Services

How are the in-home safety plan criteria met or, for an out-of-home safety plan, how are the criteria not met?
Home like setting: Met: Mr.Davis does have a home and is willingly to allow ODHS access to ensure safety. He is wiling to cooperate and comply with the safety plan.

There are no barriers: Not met: The No Contact Order between Mr. Davis and Al Mira creating a barrier to reunification.

Willing to cooperate: Met: Mr Davis is willing to cooperate with ODHS and comply with the safety plan.

Safety Services available: Met: Mr. Davis is willing to work with Safety Providers and will allow them into his home.

Home Like Setting: Not Met: Ms. Penn will not allow ODHS into her home to assess the safety of the home. It has also been learned that the property owner has filed an eviction with the court. This further puts the stability of the home in question.

There are No barriers for Safety Services: Not Met: Ms. Penn will not allow ODHS or Safety Providers into her home. This creates a barrier to reunification and leaves the agency with no way to monitor a Safety Plan. Additionally, ODHS has received reports of violence occurring in the home. While the assessment is still ongoing, Ms. Penn has not been cooperative in that process so it is challenging to determine if Al Mira would be exposed to violence and at risk if she were to return to Ms. Penn's home.

Willing to cooperate with the plan: Not Met: Ms. Penn is not willing to cooperate with ODHS and will not allow CPS or permanency workers access to the home. Additionally, Ms. Penn has not given any indication she would be willing to follow a safety plan.

Sufficient Safety Services available: Not Met: Ms Penn will not allow Safety Providers into her home to ensure safety.

CONDITIONS FOR RETURN:

If child(ren) are out of home, the following conditions must be met in order for the child(ren) to be safely returned with an in-home safety plan:
Mr. Davis:

The No Contact Order with Mr. Davis and Al Mira needs to be lifted in order for ODHS to consider reunification and put in-home services in place.

Mr. Davis will need to allow ODHS regular and ongoing access to her home to assess safety. This will be both scheduled and unscheduled.

DHS
Oregon Department
of Human Services

The home will be calm enough to allow ODHS and Safety Providers to monitor the Safety Plan.

Ms. Penn:

Ms.Penn will need to allow ODHS regular and ongoing access to her home to assess safety. This will be both scheduled and unscheduled.

The home will be calm and safe enough to allow ODHS and Safety Providers in the home to manage safety.

Ms Penn will be willing to follow the safety plan, including stopping any behavior the safety provider is directing her to stop and not allowing anyone not approved by ODHS into the home or to have contact with Almira.

ODHS is aware Ms. Penn has outstanding criminal warrants. Ms. Penn will be able to articulate a plan for Al Mira should she be detained on those warrants. ODHS will need to verify the plan as a safe option and ensure the Safety Plan can remain in effect during that time.
