    - There is a small pool of providers.
- Kevin stated the following:
    - Kevin is hoping the provider for the Psych Eval will be skilled and trained in Cultural Awareness.
    - It sounds like, of the providers who are have the skills and training in Cultural Awareness, some have moved away and some have a long waitlist.
    - A provider with a specialty in DV would be a good choice.
    - Kevin does not see "Neuro" Psych.
    - Kevin would be very supportive and in agreement with a provider with a specialty in DV.

Recent Information - Yesterday:

- Jamie reported the following:
    - DHS received information regarding an incident yesterday in which AshLe had contact with the father.

    - DHS offered AshLe could come in earlier on Wednesdays at 3pm.
    - DHS offered the Family Room which AshLe at first declined due to the time.
    - Since the last FDM when AshLe stated she would make any time work, Jamie got AshLe on the list for the Family Room.
    - The Family Room hours are between 9am and 5pm.

Timeframe for Return:

- AshLe stated she is looking for concrete steps and timeline for return.
- Frank reported the following:
    - DHS does not look to identify a specific time; DHS looks for criteria.
    - AshLe has suitable housing; that condition is met.
    - DHS looks for a cooperative parent; AshLe is cooperative and engaged with DHS.
    - The barrier to return is there is still contact between Mom and Dad; not just casual as the police were called.
    - The level of SSP that DHS believes would need to be in place is 24-hour which we do not have.
    - All four conditions must be met for return.
    - Ongoing contact between Dad and Mom is a barrier; DHS believes is a severe barrier.
    - 24-hour supervision would be needed.
    - AshLe does not need to complete all services for return.
    - 24-hour SSP would be needed in the home.
    - DHS would have to determine SSP is appropriate.
- AshLe expressed concern the agency did not increase her visits when SSP was in place.
- Jamie stated the following:
    - There were two successful visits with Grandfather as SSP.
    - Grandfather moved and withdrew as SSP.
    - When an SSP is approved, the process is to start with visitation.
    - AshLe's cousin was SSP for several weeks; she withdrew.
- Jason asked if AshLe is willing to engage in mental health counseling and sign an ROI.
- AshLe reported she is engaged in mental health counseling and has signed ROI.
- Jason stated the following:
    - Jason's concern is contact with the father.
    - Jason's concern is negative impacts to Feliciano due to contact with the father.
- AshLe stated reaching out to the father for help with a flat tire does not mean AshLe cannot protect Feliciano.
- Jason stated his concern is if Feliciano was present.
- In response to the question posed to AshLe as to what she would have done had Feliciano been present during the incident yesterday, AshLe stated she could not speculate as to what she might have done.

Action Items from Last FDM:

- AshLe expressed concern that sibling visits are not happening.
- Frank stated the following:
    - DHS reached out to both Mr. Davis and Foster Parent regarding sibling visits.
    - Mr. Davis did not want to set-up a schedule for sibling visits due to other responsibilities / things he needs to take care of.
    - Mr. Davis and Foster Parent told DHS they would figure out a time for a sibling visit.
