					that barry washington is trespassed from the property, part of the rental agreement for ashle, who lives in #303, that he is not to be allowed on the property. Long history of Ashle letting him on the property, and other properties that she has lived at. I explained that if she invites him on the property, there is nothing we can do.

Contact w/Certified Family.

Reported that Barry contacted Certified Family on 11/24, day before Thanksgiving, and asked to come over and see Feliciano. Certified Family did not respond.

Reported that Alquan (father to Feliciano's sisters) called on Friday night around 7pm asking to come pick up Feliciano for a birthday party. Certified Family referred Alquan to DHS.

Subject: RE: Barry Washington

Good afternoon,

Thank you for reaching out. I am sorry to hear that Mr. Washington does not feel the agency has provided adequate support to him.

I have attached my updated safety plan for this case to this email. This was updated with more specific language regarding the conditions for return and requirements for an in-home plan.

I have reached out to Mr. Washington via email on three separate occasions (6/28, 7/15, 9/21) without response. Mr. Washington reached out to me last week, on 11/23, requesting new referrals to the domestic violence and parenting groups he was previously participating in, which I am working on. I will get this re-referral done as soon as possible and look forward to Mr. Washington fully participating in these programs. I am also happy to reschedule the psychological evaluation with Dr. Kowitch (initially scheduled for 7/1 and then for 7/9) and I want to note that Dr. Kowitch has asked to receive confirmation that Mr. Washington will keep his next scheduled appointment.

At the last FDM on 10/15, we did discuss a written plan/letter of expectations. I apologize for this slipping my mind. I do want to note that as I stated in that meeting, the agency's expectations for Mr. Washington have not changed. The agency expects to work collaboratively with Mr. Washington, see him participate in his court-ordered services, be consistent in his visits, demonstrate an understanding of the conditions which brought his child into care, and work to improve his overall parenting ability. His overall progress will be measured with the assistance of progress notes, program recommendations, visit notes, and a decrease in any assaultive/impulsive behavior.

According to documentation in this case, Mr. Washington has not visited with Feliciano since 6/22. He did not show to his visits on 6/29, 7/6, 7/13, and then was incarcerated beginning 7/19. The Court was clear at the last hearing that visits need to be held in the ODHS office, and this was reiterated at the 10/15 FDM. He has not reached out to me or his previous SSA to proceed with his Tuesday afternoon visits.

I look forward to discussing this case more and strategies to move forward at our upcoming FDM.

Thank you,
Jamie

Mr. Washington is very much challenging the effort of the agency to show that they have provided the necessary services to help him overcome/ameliorate the issues that brought his child into care. He believes that the agency has not maintained contact with him, followed through with referrals for services, visited his home to ensure it is appropriate and provided an updated letter of expectancy or action plan.

Thank you,

Hi Ms. Ruiz,

I usually do not reschedule someone after two no-shows unless an extended period has elapsed, and the parent's circumstances are different. Dad's explanation for the first no-show was that he thought the evaluation was on-line, so in giving him some benefit of the doubt, we'll say he did not show for one-and-a-half, but not two appointments?.

My next availability is Tuesday Feb. 22 @ 9:00a. That's the best I can do right now.

Art Kowitch, Ph.D.

Jamie,

I would much rather complete the eval much sooner than that. Perhaps there is an alternative provider that the department finds suitable. I imagine Ms. Rietman would have some ideas in that regard.

Also, please let the response serve as a request to commence vetting Juanda Washington, DOB - 03/04/1967, of 4000 NE 109th Ave Unit 179, Vancouver WA 98682, officially to serve as a Safety Service Provider in the reunification efforts of myself and her grandson, Feliciano.

Regards

Barry

Note Text Regularly scheduled weekly Wednesday monitored community visit from 4:00 - 5:00 PM: Per coordination with RP and mom, this visit was extended one hour on the back end to make up for last week's missed visit. Picked up child from the RH around 2:45 as usual. Child in good spirits, greeted SSA, and happy and excited to go visit with mom and sisters. Arrived at designated location about ten minutes early. Texted mom to let her know. Mom replied and arrived as scheduled. Family had pizza dinner together at Schimizza Pizza for the first hour. We then walked over to GameStop briefly, before they decided to go over to Target. I drove child in my car, and mom drove the girls. After shopping and grabbing snacks from Target, we transitioned out of the visit as scheduled. Family accompanied child to the car and mom secured him into his car seat. Family gave him hugs and loving reassurance. He was happy and reciprocated goodbyes. Returned him to the care							

of RP around 6:55 PM.

Meeting today with Family Room, AshLe Penn, attorney Kevin Ellis, DHS

follow-up email from Family Room:

On Fri, Dec 10, 2021 at 1:17 PM Julie Overby <julie@familyroomoregon.org> wrote:
AshLe,

Here is a follow up email to our discussion regarding starting family time sessions with Feliciano at The Family Room (TFR) NE Portland location. TFR is happy to offer family time between you and Feliciano on Mondays starting **December 13th** .

Family Time Sessions on **Mondays** will be from **4pm-6pm.** We will keep a set start time each week to promote consistency for Feliciano, but TFR is happy to adjust this start time to as early as 2pm at any point if it works for your schedule.

TFR NE Portland is located at **2120 NE Tillamook Street, Portland, OR 97212** (inside Bridgetown Church). There will be an A-board sign with our logo on it near the back of the parking lot off of Tillamook Street. Contact TFR Staff via text or phone call when you arrive.

If using public transportation, there are five TriMet bus stops within 0.2 miles of the Bridgetown Church on bus lines #17, #77, and #70.

Parent Expectations: **Parents must arrive 10 minutes prior to the scheduled session** and text/call Staff when they arrive. Parents are to stay in their vehicle or outside TFR's building and until their visit starts and/or child(ren) arrive and will be escorted into the building by Staff. If parents need to cancel a visit they should contact TFR Staff **at least 3 hours prior to the visit start time** so that TFR Staff can cancel transportation.

TFR will provide bottled water and pre-packaged snacks for each family.
TFR will provide diapers and wipes (if needed).

Program goals and expectations:

- TFR Staff will provide verbal and written feedback to parents regarding their parenting time while at TFR. This may include constructive feedback, praise, and suggestions. Parents are encouraged to engage in the parenting

discussion collaboratively with TFR Staff. Parents are not required to agree with all feedback but we ask that parents be open to hearing feedback.

Personal Protective Equipment (PPE): All adults including **parents are required to wear a face covering approved by the CDC** (ie: masks, cloth face covering) during each session. Face shields without a mask underneath and neck gaiters are not permitted at TFR. Face coverings must be on prior to building entry. If you need a mask, Staff can bring one to you when gathering you from the parking lot. Children over 2 years old will be encouraged to wear a face covering. Children over 5 years of age are required to wear a face covering. Single use masks for parents and children are available.

On visit days I will be your main point of contact. Call or text regarding any issues that come up on session days. My cell: **971-282-8984**

Please call, text or email with any questions or concerns about the expectations outlined above.

We look forward to meeting you and Feliciano on Monday,

Julie Overby

AshLe,

This was not mentioned/brought up until today, and this would be quite short notice to inform The Family Room of two additional children. They have protocols for how many families/individuals they can serve each day.

These visits are specifically for you and Feliciano. We have allowed the girls to attend your Wednesday visits with the SSA.

Please refrain from bringing the girls to the Family Room visit today.

Thank you,
Jamie

Hello Julie,

My daughters, Amaiya (12)and Amira(10), I have routinely been engaging in my visits as much as is possible because of each of my children's need to see one another. They have no other way of seeing their little brother and vice versa and I plan to bring them today. None of us have been exposed to covid and none of us are experiencing any symptoms. Thank you.

Face to face contact with Feliciano. I arrived at the foster home to pick him up. He was happy and talkative, and very polite. He said "Hi Jamie" right away and was getting his shoes on with the help of his foster mom. Throughout the drive, Feliciano was very cute and talkative with me. We got to the Family Room a few minutes early and he immediately introduced himself to staff. He was very excited to see mom and ran to her while saying "mommy!"

Phone call w/Saba from DVRC. Did intake in October. Reports that AshLe stated that the court has asked AshLe to gain intense individual counseling about domestic violence.

DVRC does not provide intense counseling. We provide emotional and trauma recovery. Any psychoeducation is done in group counseling. AshLe said she is not interested in group counseling. AshLe and Saba made a mutual decision that DVRC is probably not the best place for her to receive services.

Note Text Regularly scheduled weekly, Wednesday monitored community visit from 4:00 - 5:00 PM: Texted mom in the AM to coordinate and confirm visit. Arrived at RH around 2:45 and waited in the driveway for mom to confirm location. Informed RP that I have arrived in the driveway, but just waiting for mom to confirm location. Texted mom repeatedly that I am waiting and will not pick up child unless I hear from her. She finally responded that she doesn't have enough gas money to come to this side of town. Told her I will bring child to where she is at. Told her we will be there as soon as we can as we are behind schedule as it is. After picking up child, we drove to the designated location. Arrived there ten minutes behind schedule. Told mom usual drive time is at leas an hour each way, so I need timely confirmation from her. Mom and the girls got him from the car. The family ordered pizza for dinner as usual. Gave mom additional time, but she ended visit as scheduled at 5:00. No transition or separation issues. Returned children to the care of RP back at the home around 6:40 PM.

Subject: RE: Visitation at The Family Room (TFR) starting Monday, December 13th, 2021

AshLe,

Thank you for your follow-up. The Agency certainly sees the value in Feliciano maintaining his close bond with Amaiya and Almira. As you detailed, there have been multiple barriers to achieving a consistent sibling visitation schedule. Given the ongoing barriers and safety concerns, DHS has been agreeable to Amaiya and Almira attending your weekly Wednesday visits in the community with Feliciano. From the case notes I have seen, it sounds like the Wednesday visits go very well and are generally positive for your children.

Since Feliciano is in DHS custody, DHS is obligated to provided services intended to support reunification for you and Feliciano. This visitation time at The Family Room is one of these services; and it is intended to provide the necessary solo time for you and Feliciano.

Again, the Agency recognizes your continued advocacy for your children to maintain their sibling bond. This is an admirable trait, and it is understandable that this is something that is important to you. I hope we can move forward with Monday visits for you and Feliciano, and Wednesday visits for you, Feliciano, and the girls.

I will be sending separate emails to you and your attorney about me doing a follow-up home visit, as well as working out an extended Wednesday visit next week for the holiday.

Subject: Re: Visitation at The Family Room (TFR) starting Monday, December 13th, 2021

Hello Jamie et al.,

I did not receive this email until well after I was away from my desk and en route. I wanted to highlight that throughout the life of this case I have consistently pursued a more robust undertaking from the agency concerning my children's contact

DHS
Oregon Department of Human Services

with one another and have been met with resistance consistently.

This week's successful visit at The Family Room found my daughters to be welcome additions and their presence valuable as Feliciano missed his sisters and was very happy to see them. I take great issue with the agency's prohibitive position which could, eventually, subvert Feliciano's natural bond with his biological family and does not serve as a promotion and maintenance of my family's, and specifically my children's, ties and rights to one another. The agency has overlooked several special occasions, coupled with the agency's continued provision of adversity related to my attempts at maintaining my young one's attachment to each other, by not allowing my daughters to attend scheduled visitation.

I have been reassured, for nearly two years, that sibling contact would be prioritized- to no avail- and the opposite shown in practice. The only time my children have, almost ever, seen one another over the last two years has been through *my consistent efforts* to share in the brief once a week, one hour visit. Even gaining the agency's participation in allowing my daughters to attend those on-site supervised visits two years ago, was in itself laborious and I was met with resistance.

At one time, I petitioned the agency to allow their father, Alquan, to be an SSP to which Mr. Tzeo responded by requesting Alquan prove his reliability first by setting up sibling visits without me (as I'm not sure why- that would allow my children and I more time with one another). I listened to Mr. Tzeo claim that Mr. Davis' focus should be Amaiya and Amira - not me- and although Mr. Davis didn't claim his focus to be me and wasn't able to complete the vetting process to be an SSP, Mr. Tzeo initially discouraged Mr. Davis from doing so during a phone call when Mr. Davis requested more information about being an SSP. At one point, I had Feliciano's current placement's (agreement to meet at Olive Garden for a family dinner where Feliciano (as the guest of honor) and his two brothers and two sisters (for the first time ever) present to which Ms. Ruiz responded by prohibiting this visit. The prohibition of this visit was not due to any safety concerns or concerns with foster placement relationships- but simply because it didn't fall on the already established day of DHS' on-site visit. Additionally, it was communicated with me that after my daughters were no longer temporary wards of the state- that they were not permitted, at all, at the one hour DHS visits (even as the singular point of contact for their brother throughout the life of this case) even after attending them weekly for more than a year. If the true focus of my children's well-being remains the primary point of convergence- the agency consistently prohibiting and denying my children access to one another directly contradicts that focus.

The time we spent this week at the Family Room was essential for both my daughters and also for Feliciano to have time to enjoy their natural family, which I am convinced the agency has lost sight of. Feliciano values his sisters and has been very close to them since he was born (having a relationship that is promoted by the agency is a part of his best interest). I'd like to request the agency reconsider its continued adversarial position concerning my children- we are a family and I'd greatly appreciate a showing of recognition of this fact. The Family Room has stated only that additional visitors need to be approved by the agency and the agency has not endeavored to state any reason why my daughters should not attend this visit. I would please ask that the agency formally approve my daughters attendance for the sake of Feliciano and also kindly respond to my and my attorney's requests about the liberalization of visits so that I may have the opportunity to ensure their contact otherwise.

Respectfully,
AshLe Penn

Hello Jamie,

I apologize but I'm unable to make today's visit. I would, however, like to take advantage of what we talked about in regard to using the second location of the family room for this coming Thursday the 23rd, if possible. Please let me know if we can reschedule for later this week.

Regarding the meeting with Dr. Tongue, I did want to be proactive and seek out the follow-up meeting without being aware it was necessary for you to be present. But, I've reached out to my attorney to gauge his availability for tomorrow's time slots you've arranged for a follow up. I'll be back in touch as soon as I hear back.

Respectfully,
